Professional Summary

Full-Stack Developer with 2+ years of hands-on enterprise and production experience delivering scalable web applications. Proven success supporting digital systems at **KCB Bank (Kenya's largest bank)** and developing full-stack platforms at **Bee MultiScent Ltd.** Strong expertise in **Python/Django, React.js, REST APIs, Oracle Fusion**, and **Generative AI** (OpenAI, LangChain, Pinecone). Reliable in corporate environments—punctual, well-presented, and skilled in communication, documentation, and stakeholder coordination.

Technical Skills

Languages & Frameworks: Python, JavaScript, React.js, Django, DRF, FastAPI (basics)

Frontend: React, Tailwind, Bootstrap, Responsive UI

Backend & APIs: REST APIs, Django Channels, JWT Auth, M-Pesa/PayPal/Stripe, KRA iTax

Databases: PostgreSQL, MongoDB, Pinecone (Vector DB)

AI/LLM Stack: OpenAI API, LangChain, RAG Pipelines, Sentence-Transformers

Cloud & DevOps: AWS, Fly.io, Firebase, Docker, GitHub Actions CI/CD

Enterprise Tools: Oracle Fusion HCM/Financials, User Provisioning & Security

Testing: PyTest, Postman, Curl

Professional Experience

KCB Bank Group – Head Office (Kencom House)

IT Finance Systems Support – Digital Channels & Integrations

Oct 2025 – Dec 2025 (Corporate Internship, Extended)

- Provided daily production support for Oracle Fusion HCM/Financials across 1,000+ staff.
- Created and managed user roles, restrictions, and security policies in Oracle Fusion.
- Designed and exposed secure REST API endpoints integrating Fusion with internal & external systems (KRA iTax, payment gateways) in an assigned internal project.

- Worked with core banking, middleware, networking, and DevOps teams, gaining strong insight into enterprise architecture and change management.
- Recognized for rapid learning, accuracy, and professionalism in high-stakes financial environments.

Bee MultiScent Ltd – Nairobi

Full-Stack Developer (MIS System)

Feb 2025 – Aug 2025 (Software Development Internship)

- Collaboratively built a full Management Information System (MIS) used across operations, HR, and inventory.
 - Developed backend in Django/DRF and frontend in React.js with real-time dashboards.
 - Implemented 30+ REST API endpoints consumed by the company's React Native mobile app.
 - Added RBAC, task assignment, document management, WebSocket notifications.
 - Earned official recommendation letter for performance and teamwork (available upon request).
-

Key Projects (Live or Public GitHub)

Collaborative Approach – Referral & Tour Booking Platform (June–July 2025)

Live: <https://collaborativeapproach.africa>

- Full-stack SaaS with React.js + Django REST.
- Integrated M-Pesa STK Push, PayPal/Stripe, referral tracking, commission automation.
- JWT auth, Celery tasks, role-based portals (Admin/Agent/Customer), responsive UI.

Sheikh Siraj Rahman College – Full School Management System (Nov 2024 – Jan 2025)

Live: <https://sheikhsirajrahman.ac.ke>

- Multi-portal system (Admin/Teacher/Student/Parent) using React + Django + PostgreSQL.
- Online admissions, fee payments, results publishing, SMS/email automation.
- Deployed on HostPinnacle with CI/CD pipeline for long-term support.

Atelier – AI Fashion E-commerce + Personal Stylist Chatbot (Aug 2025)

GitHub: <https://github.com/Ghalib92/Atelier-Online-Fashion-Store>

- E-commerce shop + AI fashion stylist chatbot using RAG (OpenAI + Pinecone + LangChain).
- Semantic search over 10,000+ clothing items; outfit & color-matching recommendations.

Mental Health Support Chatbot (LLM + Empathy Model) (July 2025)

GitHub: <https://github.com/Ghalib92/mental-health-support-bot>

- Trained on therapeutic conversation datasets; context-aware responses using Pinecone.
- Escalation flow to human support; built for safe, empathetic conversation patterns.

Education

Bachelor of Business and Information Technology (BBIT)

Mount Kenya University — **Graduated August 2025**

Certifications & Achievements

- Oracle Fusion HCM/Financials – Internal KCB Bank Training (2025)
- Full-Stack Role Recommendation Letter – Bee MultiScent Ltd
- 10+ public GitHub repositories with clean documentation and production-level projects
